

Collective Leadership Declaration

Submitted in support of the UNHCR Refugee-Led Innovation Fund — 2026 Cohort

1. Declaration Statement

We, the undersigned, constitute the Collective Leadership of **EduSphere GCE — BlingsEdu Collective**, a refugee-led, sovereign education infrastructure operating across Cameroon. We affirm that this initiative is owned, designed, and propagated by individuals with direct lived experience of forced displacement, conflict, and protracted educational disruption. Each signatory below confirms their role, declares the validity of their identification, and consents to representation of EduSphere GCE before the United Nations High Commissioner for Refugees and its Innovation Service.

This declaration evidences a non-hierarchical leadership structure in which decision-making authority is distributed across geographically dispersed leads — a deliberate design that protects continuity in conflict zones and preserves child-protection guarantees through the ID-Gated Access System.

2. Signatory Roster

#	Full Name	Location	Role	Lived Experience	ID / Passport	Signature

3. Organizational Verification

Authorized Representative

Malle Valery Mosima — Lead Architect & CEO
EduSphere GCE — BlingsEdu Collective
Yaoundé, Republic of Cameroon

Digitally issued on 24 June 2026. This document, together with the embedded organizational seal, constitutes formal acknowledgement of the collective leadership structure presented herein.

4. Cover Note — Pending Signatures

Three signatories above remain marked **PENDING** at the time of issue. This is due to constraints across the North-West, South-West, and Coastal regions of Cameroon, where movement restrictions delay in-person signature collection. Specifically:

- **Malle Valery Mosima (Yaoundé)** — finalising in-person notarisation before UNHCR staff
- **Banlanjo Lydia N. (Bamenda)** — currently propagating the application across active conflict zones; signature to follow via secure courier.
- **Dioh Itoe Ngog (Buea)** — completing zero-day penetration evaluation of the ID-Gated Access System; signature embargoed pending security clearance.

An addendum sheet containing the three remaining signatures will be appended to this declaration and re-transmitted to **innovationfund@unhcr.org** within fourteen (14) days of initial submission. The validity of this declaration is not affected by the pending state of these signatures; each pending signatory has provided written intent-to-sign held on record by the Lead Architect.

5. Data Sovereignty & Child Protection Affirmation

All beneficiary records referenced by this collective are stored on African-hosted infrastructure, cryptographically sealed under the ID-Gated Access System, and governed in accordance with the African Union Data Policy Framework. No personally identifiable information of any minor is exposed to open tracking systems, third-party advertising networks, or non-AU data jurisdictions.
